2022 Service Options

Name: _____

Service Address/es: _____

Email: _____

Phone #: _____ Alt Phone #'s: _____

Check Services Desired *Please mail check. If you would like to use a card, there is a 3% transaction fee applied.*

Option 1: \$105

Consists of changing the filters in the dehumidifier, replacement of batteries in the hygrometer sensor and base, and visual inspection of any water intrusion. Written report of findings.

Option 2: \$150

Consists of **Option 1 plus** relative humidity readings, wood moisture content readings, moisture barrier inspection, check for bulk water issues, take pictures of problems, if any. Add Anabec deodorizer to dehumidifier filter.

Option 3: \$200

Consists of **Option 2 plus** inspection of sump pump and liner, pin up floor insulation if fallen, visual mold inspection (if necessary), retaping of liner if deviated or torn.

Additional Services (for those that have more than one of an item):

More than one dehumidifier - \$25 each additional

More than one sump pump - \$35 each additional

More than one hygrometer - \$15 each additional

Any trip outside of annual service has a base charge of \$85. Prepayment entitles customers to 50% discount off additional service calls if needed throughout the year, **does not include removing & reinstalling dehumidifiers for repairs.**

As with many items in your home, proper maintenance is crucial to safeguarding the life of your dehumidifier. Depending on the scope of work your crawlspace requires – sealed system, fully encapsulated system, sump pump etc...the services necessary will vary. Example: Selected option 2 + second dehumidifier = Total due \$175
