Check Services Desired

- Option 1:** \$95 annually

Consists of changing the filters in the dehumidifier, replacement of batteries in the hygrometer sensor and base, and visual inspection of any water intrusion. Written report of findings.

- Option 2:** \$130 annually

Consists of **Option 1 plus** relative humidity readings, wood moisture content readings, moisture barrier inspection, check for bulk water issues, take pictures of problems, if any. Add Anabec deodorizer to dehumidifier filter.

- Option 3:** \$180 annually

Consists of **Option 2 plus** inspection of sump pump and liner, pin up floor insulation if fallen, visual mold inspection (if necessary), retaping of liner if deviated or torn.

Additional Services:

- Additional dehumidifier service after first one - \$25 each additional
- Additional sump pump service after first one - \$35 each additional
- Additional hygrometer service after first one - \$15 each additional

Prepayment entitles customers to 50% discount of additional service calls if needed throughout the year

As with many items in your home, proper maintenance is crucial to safeguarding the life of your dehumidifier. Depending on the scope of work your crawlspace required – sealed system, encapsulated system, sump pump etc...the services necessary will vary. Example: Selected option 2 + second dehumidifier = Total due \$155
